

# Post-Congress C1 Trip: Volga and Kama Region. Middle and Upper Permian, 16-20 August

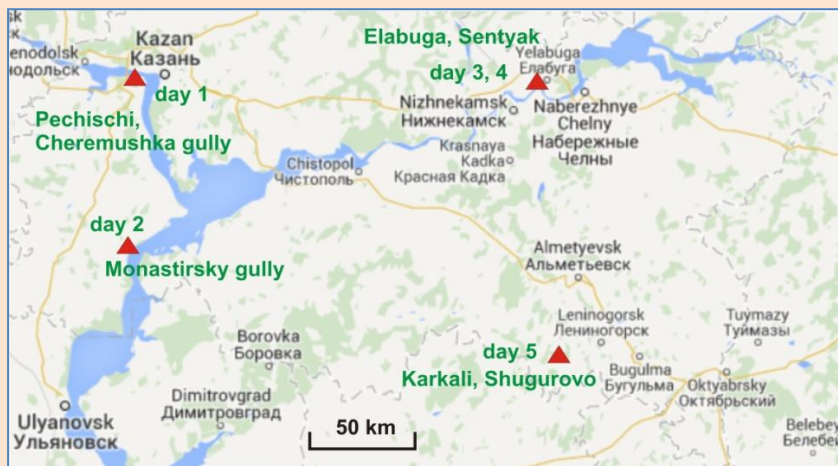

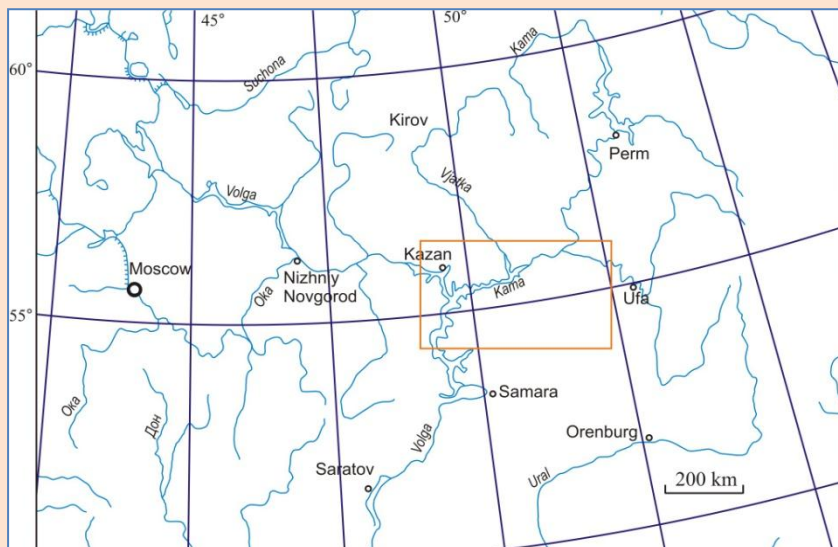

Minimum number of participants: 7. Maximum number of participants: 30

**ORGANIZER:** Kazan Federal University, Institute of Geology and Petroleum Technologies

**Leaders:** PhD Vladimir V. Silantiev. E-mail: [vsilant@gmail.com](mailto:vsilant@gmail.com) Phone: 007 917 286 5098

PhD Fedor A. Mouraviev. E-mail: [Fedor.Mouraviev@kpfu.ru](mailto:Fedor.Mouraviev@kpfu.ru) Phone: 007 905 313 6619

**Phone:** 007 843 292 0819. Fax: 007 843 292 0819

Map of the trip

**Cost: € 400 includes:** transfer within the trip by buses, 5 field lunches, 4 dinners, Elabuga cultural excursion fee, accommodation for 2 nights in Elabuga and Almetyevsk hotels and field trip guidebook. Participants need to book their hotels in Kazan for August, 16<sup>th</sup> and 17<sup>th</sup>.

Date	Event	
<p><b>16<sup>th</sup> August</b></p>	<p>08.00. Departure from Kazan to Pechischi section, shallow-marine deposits of Upper Kazanian.</p> <p>09.30 -13.00 Stratotype of Upper Kazanian regional stage. Brachiopods, bryozoans, crinoids, bivalves etc. Fossil collecting.</p> <p>13.00-14.00. Field lunch.</p> <p>14.00-14.30.Trip to Cheremushka Gully section.</p> <p>14.30-18.00. Parastratotype of Urzhumian regional stage. Continental deposits. Bivalves, tetrapods, fishes, paleosols.</p> <p>Coffee break.</p> <p>18.00-19.30 Return to Kazan.</p> <p>20.00. Dinner in a cafe.</p>	 <p>Pechischi</p>  <p>Cheremushka Gully section</p>
<p><b>17<sup>th</sup> August</b></p>	<p>08.00. Departure from Kazan to Monastirsky gully section, base of Severodvinian GSSP candidate.</p> <p>10.30. Stop 1. Visit to the current gypsum mine near Tenishevo village. Upper Kazanian shallow-marine and evaporate deposits.</p> <p>12.00. Stop 2. Stratotype of Urzhumian and Severodvinian regional stages in Monastirsky Gully. Kiaman-Illawarra paleomagnetic reversal, fishes, bivalves, tetrapods, palesols.</p> <p>13.00-14.00. Field lunch.</p> <p>14.00-16.00. Continued examination of Monastirsky gully section.</p> <p>Coffee break.</p> <p>16.00-19.00. Return to Kazan.</p> <p>20.00. Dinner in a cafe.</p>	 <p>Tenishevo gypsum mine</p>  <p>Monastirsky Gully section</p>

**18<sup>th</sup>  
August**

08.00. Departure from Kazan to Elabuga.  
12.00. Accommodation in the hotel “Alabuga”  
<http://www.alabuga-cityhotel.ru/>.  
13.00-14.00. Dinner in the café.  
14.00-19.00. Excursion on cultural and historical objects of Elabuga.  
20.00. Dinner in a cafe.

Elabuga, an ancient tower “Chyortovo gorodische”

**19<sup>th</sup>  
August**

08.00. Departure from Elabuga to Sentyak.  
09.00. Stop 1. Right bank of Kama near Elabuga pier.  
Ufimian-Kazanian (Lower- Middle Permian) deposits. Brachiopods, bryozoans, bivalves, gastropods, forams.  
11.00. Stop 2. Shallow water carbonates and coal-bearing siliciclastics of Kazanian near Sentyak locality. Marine and non-marine fauna and flora.  
13.00-14.00. Field lunch.  
14.00-15.00. Completion of inspection.  
15.00-18.00. Transfer to Almetyevsk. Accommodation in the hotel “Neftyanik”  
<http://hotel-neftyanik.ru/>.  
20.00. Dinner in a cafe.

Sentyak, shallow marine and continental Kazanian deposits

**20<sup>th</sup>  
August**

08.00. Departure from Almetyevsk to Shugurovo.

09.30. Stop 1. Karkali village. Ufimian-Kazanian (Lower- Middle Permian) deposits. Visit to Karkali limestone quarry. Bioclastic-oolitic limestones and bioherms. Brachiopods, bryozoans, bivalves, crinoids.

12.00. Stop 2. Shugurovo village. Ufimian-Kazanian (Lower- Middle Permian) deposits. Bituminous sandstones, biogenic limestones. Brachiopods, bryozoans, bivalves, crinoids, forams.

13.00-14.00. Field lunch.

14.00-16.00. Completion of inspection.

16.00-21.00. Return to Kazan.

Karkali quarry, oolitic-biogenic limestones of Lower Kazanian

Shugurovo section, Ufimian and Kazanian border deposits
