VERIFICATION LETTER

for acceptance and publication of a scientific full paper/s

SGEM20/C/18274/01.09.2020

ATTN: Ekaterina Yachmeneva
Company: Kazan (Volga Region) Federal University
Country: Russia
Email: s_olar@mail.ru

This letter is to verify that the following scientific papers titled:

GRANULOMETRY AND FACTOR ANALYSIS IN STUDYING INHOMOGENEITY OF A TERRIGENOUS RESERVOIR

Section: 1. Geology

Author/s: Ekaterina Yachmeneva, Damir Khassanov, Anastasia Gizova

STUDY OF THE EFFECTIVENESS OF WELL LOGGING DATA IN THE IDENTIFICATION OF HYDRAULIC FRACTURING CRACKS

Section: 6. Oil and Gas Exploration

Author/s: Ekaterina Yachmeneva, Victor Kosarev, Dinar Salikhov

Have been successfully reviewed and accepted for publishing in the content of the Conference Proceedings of the 20th International Scientific GeoConference SGEM 2020, www.sgem.org, SGEM 2020 Geo Conference Proceedings with ISSN 1314-2704.

After publication, for every paper will be assigned unique active DOI number registered into the **CrossRef** database, which is the official DOI® link registration agency for scholarly and professional publications.

This letter is to serve in support of the above-mentioned author(s) and their article(s) before the responsible academic institutions.

We thank the authors for their participation and kind contribution.

Sincerely,

Scientific Programme Committee of the International
Scientific GeoConference SGEM 2020

NOTE: This Verification Letter is to be presented to the respective academic leadership!
