the maximum exposure on the online travel agent sites with immediate effect. Until using them, we?d
been trying to raise our hotel?s profile in other ways but with little success and a large marketing bill.
Then I signed up with BoostHotels.com and I?ve seen remarkable growth in terms of volume and average room rate. The best thing about their expertise is that now I have more time to get on with
the day-to-day running of my business. B My last one had only been working for a year before it died.
I travel all the time, so I knew I needed something built to last but portable. A friend was telling me
how much he liked this model so I bought it. So far it hasn?t disappointed. The user-friendly design
makes it good for day-to-day work with PowerPoint, Excel, etc. and the screen is big enough for
watching a movie. I?ve noticed it can be slow when multi-tasking but it hasn?t crashed. For the price,
I?d say it?s good value. C We have been working with Mark Hendon over the last two years and he?s proved to be an important asset and trusted friend. His honesty and insightful opinions make
him one of the top consultants in the field of change management. When we were looking for
guidance and advice on handling growth, Mark went with us every step of the way on that long and
sometimes painful journey

Тема 3. Reporting trends and figures

Дискуссия, примерные вопросы:

1 Discuss the questions in groups. 1 What are some of your country?s largest exports? What does your country import a lot of? 2 What is your country?s balance of trade like? Does it currently export more or less than it imports? 3 Which countries are some of your country?s main trading partners (for exports or imports)? 2 Read an international trade report about Brazil. Answer the guestions. 1 Which exports have increased this month? Which exports have fallen? 2 In which market sector have imports increased? 3 Who are Brazil?s two main trading partners? 4 What predictions does the report make about future exports and imports? Trade in Brazil We begin our monthly summary of trends in international trade with one of the fastest growing economies in the world. Brazil. Exports This month exports in Brazil decreased slightly to 15,549 million USD from 15,991 million USD in the previous month. Brazil is the world?s largest exporter of soybean (41%), orange juice (55%) and sugar (35%). Exports of all three products rose steadily again this month. However, there was a sharp fall compared to last month in other exports including iron ore, oil, and coffee. This was due to current economic pressures in China and especially in the USA. Despite these falls, market analysts believe Brazil?s overall export figures for this year will remain at similar levels to last year. Imports Imports went down by 3% on last month but this was predictable because last month?s figures reached a peak of 22,105 million USD, with major growth in imports of consumer durable goods, including cars. Brazil?s two main trading partners (China and the USA) took a 30% share of the total import trade. Because of the increasing demand for consumer products, in particular electronics, Brazil?s imports will probably reach an all-time high by this time next year.

correct column of the table and write if the word is a verb (v), adjective (adj), adverb (adv) or noun

these questions about the report in Exercise 2. 1 Why was there a sharp fall compared to last month
in other exports including iron ore, oil, and coffee? 2 Why will Brazil?s imports probably reach an
all-time high by this time next year? 3 What two phrases did the writer use to introduce the reason for
these two trends? 6 Look at the prepositions in bold in these sentences from the report. Complete
sentences 1-6 with these prepositions. 1 Annual sales fell 1.2 million 1.15 million this
year. 2 Exports in the UK this month stayed£30,000 million. 3 Tax on consumer durables rose

Тема 8. A formal report

Дискуссия, примерные вопросы:

1 Discuss in groups. Imagine a company wanted reports on the following items. Which reports would need to be very formal? Which could be less formal? 1 A report on an overseas trade visit 2 A report on the board of director?s annual meeting 3 A report on a visit to an existing client 4 A report on bad behaviour by a member of staff 5 A report for the head of administration on stationery costs 6 A report on staff plans to introduce after-work sports activities 2 Read five extracts (A?E) from different parts of a very formal report. Match the extracts to the headings (1?4) taken from the report. 1 3 Conclusions 4 Recommendations 2 Findings Intermediate Business Writing Worksheet 8: A formal report Unsurprisingly, the sales and marketing departments reported the highest travel costs per year within the company. Over 70% of their budget is currently spent on travel. Following interviews with heads of these two departments, it was concluded that video conferencing equipment could significantly reduce travel expenditure, not to mention the environmental impact. I recommend purchasing video conferencing equipment costing £30,000, with two years? guaranteed servicing and support. On approval of this by the board, I also propose that managers should prepare detailed plans on how they will integrate the equipment into the communication needs of their department. One supplier said that video conference equipment capable of fulfilling our needs would cost in the region of between £15,000 and £30,000. Whilst this initial cost is high, the same supplier also claimed that costs are recouped within twelve months of purchase. The aim of this report is to assess ways in which the company?s travel budget can be reduced in the next financial year. It was requested as a result of a discussion at the most recent management board meeting. The information is based upon data which was provided by heads of department and accounts. In summary, the following points should be noted. Uvideo conferencing equipment is expected to reduce travel costs by somewhere in the region of 30%. | Initial training is needed to operate the equipment, so time will need to be allocated for staff training.

5 In the next 12 months, what do you think is your most important task or biggest challenge?

6 How could you or your line manager improve your performance in the next year?

7 What training do you think would help to improve your performance?

a Sometimes I?ve been indecisive about who to contact for different things, so I?d like more details about what other people do and the roles of other people in the company structure. I?m also aware that I can be impatient with colleagues so I need to work on that. b Overall I?ve enjoyed my first year and I think it?s been a good twelve months. I?m confident with all the processes for reservations and I?ve also been involved in the development of the new website booking system. c I?m in charge of reserving rooms for guests who contact the hotels and resorts by phone or email. This year I have also been helping to trial and implement the new online booking system. Sometimes I also provide assistance to the hotel marketing department and update the website. d I?m not sure how to answer this question. I think I?m suited to the company and would like to develop in other areas than just reservations. Obviously the main task is to make sure reservations are made but I think I?m good at communicating with people and this is a skill which could be utilised more effectively, especially in the field of marketing. (I suppose I?m guite ambitious!) e None in particular. f I?m keen on working with social media and the Internet. Although I?m quite knowledgeable in this area, I?d like to specialise in the area of online marketing, so any training would be welcome. g Everyone seems friendly and dedicated, so that?s been a good thing because they?ve given me lots of support. The only downside is that when I took the job I thought I?d be responsible for more things. I?d feel more motivated with more challenges.

Тема 10. A procedure memo

Match the aims (a?e) to the five paragraphs of the memo. a to announce changes to the system of b to appeal to the staff to make the changes work. c to thank staff and d to explain reasons for improving signs and labelling. introduce the need for changes. MEMO To: All warehouse staff From: General to explain change in the system of storage. Manager Date: 10 March Subject: Changes to warehouse and warehouse procedures First of all, I?d like to thank everyone for the warm welcome I have received since joining the company. As I said on my first day, it has taken time to gain a complete understanding of how Drew International works and so I am grateful for everyone?s support. While I?m impressed by the running of the warehouse there are three initiatives I would like to introduce: 1 Currently the cleaning schedules are included in the main warehouse timetable but they are not being followed. As from next week there will be a separate schedule for cleaning. Please read this regularly to ensure that all cleaning duties are completed on time. 2 Equipment for maintenance, cleaning and repairs is kept in different places in the main storage area, including one aisle. As a result, there is the potential for confusion as well as posing a significant health and safety risk. With immediate effect, all such equipment will be stored in the storeroom next to the supervisor?s office. Staff will need a key to enter the storeroom and this is available from the supervisor?s office. 3 Although staff turnover at Drew Exports is relatively low, we do employ temporary and short-term staff from time to time. For this reason, I plan to improve signs and labelling in the warehouse. Storage areas and lanes will be repainted on the ground, new labels will be placed on storage shelving and there will be new signs to identify aisles and drop off and pick up points. We hope to complete these changes by the end of this month. I appreciate that you will need some time to get used to these changes, but with your support and efforts these relatively simple actions will improve our systems and have a positive impact on our overall operations. With regards Javier Cambiasso (General Manager) I appreciate that you will need some time to get used to these changes, but with your support and efforts these relatively simple actions will improve our systems and have a positive impact on our overall operations. With regards Javier Cambiasso (General Manager)
