Legislation, Law, History, Archeology, Culture, Religion,	The necessity of conference is stipulated by the reality of today. The interest in the socio-cultural development of Russian small towns continues to preserve its actuality. The purpose of theoretical and practical conference is theoretical comprehension of modern scientific experience, practical application of innovative resources into the development of Russian small towns.

					<p>Philology, Ecology</p> <p>The tasks of the conference:</p> <ol style="list-style-type: none"> 1. Study of socio-cultural aspects of development of Russian small towns. 2. Attraction of political and business elite, scientific, innovative and educational forces of society to the problems of Russian small towns. 3. Exchange of experience on solving problems of Russian small towns. 4. Attraction of youth to the traditions and culture of small towns. <p>International Stakheyev's Readings became scientific brand of the Institute. In July 1990 the first conference was held. Specialists in the sphere of history and philology interested in merchant's themes participated in it.</p> <p>Stakheyev's descendants from England and Singapore took part in the Second International Stakheyev's Readings.</p> <p>Investigators of the merchant's theme are very much interested in the variety of questions connected with the life and creative activities of the well – known Russian writer D.I. Stakheyev, the representative of the Russian biggest merchant's houses of the XIX century.</p> <p>Nowadays the range of scientific questions, the number and geography of participants of the conference expanded significantly.</p> <p>The Third International Stakheyev's Readings (June 2006) covered commercial and industrial activity of the Russian merchant class, their participation in the elective body of town self-government, in the organization of provincial society infrastructure. As one of the directions of investigations there have been chosen linguistic</p>

					<p>peculiarities of Stakheyev's prosaic works. The 4th International Stakheyev's Readings (October 2009) were devoted to the new problems: History of the Russian Entrepreneurship, Legislation of entrepreneurial activity; Modern Russia and Entrepreneurship, Microhistorical Examinations in the sphere of Regional History, Merchants' theme in the works of Russian writers and some others.</p> <p>The tradition of participation of the famous merchants' house descendants in the Stakheyev's Readings didn't cease. Ivan Ivanovich Stakheyev's great-great-granddaughter Elena Vsevolodovna Tretjakova (Tuapse), and Dmitry Ivanovich Stakheyev's great-great-granddaughter Irena Orestovna Solntseva (Moscow) were the guests of the University and the town.</p> <p>The 5th International Stakheyev's Readings took place in October 2011. All the reports and speeches of the participants of the theoretical forum were devoted to the historical and modern socio cultural problems of the Russian province. In the focus of the 6th Stakheyev's Readings (November 2013) were problems of the development of the small and middle town. The problem under consideration attracted the representatives of business and political structures, scientists, museum employees, those people who are not indifferent to the themes which are the main themes for the development of small towns. The peculiar discovery of the 6th Readings was participation of the new descendant of the well-known Elabuga merchants' house – the great-grandson of Lidia Alexandrovna Stakheyeva (Yepaneshnikova) – Laktionov Denis Olegovich</p>
