

HEALTH IS YOUR PERSONAL RESPONSIBLE CHOICE!

Youth is the time when you build your future life every day.

The well-being of your life depends on your health, ability to work, creative energy, education and culture.

Your health is in your hands!

The main thing is to always feel your responsibility for its preservation and develop healthy lifestyle habits.

Find a friend who will support you, share your efforts on the path to health and success in our difficult life.

All obstacles on this path are surmountable.

KNOW (!) that it is easier to refuse once than to try to do it all your life!

REMEMBER! That no matter how good you feel at the beginning, the drug will still deceive you, because it hits your life without fail!

TODAY IT IS FASHIONABLE to be active, successful, talented and healthy!

THERE IS NO PLACE FOR DRUGS IN A HAPPY LIFE!

YOUR LIFE IS IN YOUR HANDS

SAY NO TO
DRUGS

TRUTH AND MYTHS ABOUT DRUGS

MYTH

Drugs add color to grey everyday life, bringing something new and unusual into life

TRUTH

However, this is only at the very beginning and very momentarily... The further, the more life ceases to be a rosy picture. Problems begin - where to get money to buy another dose. Fun and novelty of sensations disappear. Bitterness, aggression, depression come...

Drugs are not cool anymore.
Today it is fashionable to be healthy!

TRUTH AND MYTHS ABOUT DRUGS

MYTH

Drugs help a person cope with life's problems, conflicts with parents, emptiness, lack of confidence in oneself and in the future.

TRUTH

Instead of solving complex issues, a person withdraws from them, allowing events to develop on their own. And in reality, other problems are added - it's like a snowball, all towards one... Thus, the problems only get worse.

Drugs are not cool anymore.
Today it is fashionable to be healthy!

TRUTH AND MYTHS ABOUT DRUGS

MYTH

There are "soft" drugs and they are completely safe

TRUTH

Drugs do not classify drugs by their lightness. Any narcotic substance causes serious consequences for the human body, it's all about time. Any drug is addictive and makes a person its slave. In addition, the term for storage and distribution of any drugs is the same.

Drugs are not cool anymore.
